There are several other motels and hotels in the area listed on the internet that you can look into, but
most will probably be a bit more pricey and/or a bit further away. It's best to reserve early - at least 4
weeks ahead. Rates are subject to change and rooms may not be available as time gets short. If you
expect to check in late (after 4 PM), be sure to let the motel know so that they will hold your room.
