

Some important reminders:

- 1) If you are definitely planning on coming this year, and want to be sure to get the workshops of your choice, it would be best not to procrastinate too long, as some of the workshops are filling up fast, and four are already full.
- 2) When you fill out your registration form, we are asking you to indicate a first choice and a second choice for each workshop session you plan to attend. Please give careful attention to the workshop descriptions and levels when considering which ones to sign up for, as it will not be possible to make changes once the festival starts. Those who register early enough can be confident they will get their first choices. If any of the workshops you list as a first choice are full when your registration is received, you will most likely get your 2nd choice – unless you register very late. ☺ We will let you know the workshops you are signed up for either by email ahead of time (if time permits), or in your registration packet when you arrive.
